

3RD ANNUAL cABR WORKSHOP-3
Emerging Trends in Evaluation and Management of
Central Auditory Processing Disorder (CAPD)

"We are a diverse group of colleagues specialized in diagnostic and habilitative management of Auditory Processing Disorders (APD), serving people worldwide. We believe that this is best achieved through professional competence, mutual respect and working cooperatively.

To Register:

<https://www.eventbrite.ca/e/231244276857>

This virtual conference series will engage and inform audiologists /students and related professionals interested in evaluation and management of CAPD for clients across the lifespan. The conference series will focus on:

- 1. The role of auditory evoked potentials including cABR/FFR in evaluation**
- 2. Novel intervention strategies including ARIA and other computer based or virtual options.**

At the completion of the conference series participants will have the background, theoretical knowledge, and necessary protocols/tools and resources to translate knowledge and skills learned into their clinical practice.

IGAPS is a non-profit Organization committed to high standards. At this time the information obtained from participants for the purpose of conference registration is only available to University of Saskatchewan-Rehabilitation Science. The information includes payment methods, special requests, names and personal details. Credit card numbers will not be saved for future use. The roster is saved in online storage. No participant information will be shared or sold to third parties. Personal data will not be made public.

Schedule and Time

May 13 2022 CST
9:00 AM- 4:15 PM
4.5 contact hours

Breaks and Lunches
are not part of
AAA and ASHA CEUs.

CEUs Sponsored by
IGAPS

*Little Listeners is approved by the American Academy of Audiology to offer Academy CEUs for this activity. The program is worth a maximum of 1.2CEUs. Academy approval of this continuing education activity is based on course content only and does not imply endorsement of course content, specific products, or clinical procedure, or adherence of the event to the Academy's Code of Ethics. Any views that are presented are those of the presenter/CE Provider and not necessarily of the American Academy of Audiology. **This course is offered for .45 AAA CEUS (Intermediate level, Professional area)***

ASHA CE
APPROVED PROVIDER

International Guild of Auditory
Processing Specialists

Intermediate Level
0.45 ASHA CEUs

Cancellation Contact. <https://www.eventbrite.ca/e/231244276857>

Please indicate any special needs or any other dietary needs at the time of registration <https://www.eventbrite.ca/e/231244276857>
All participants are required to take a quiz to complete learner assessment requirement and program evaluation at the end of the course in order to obtain a **certificate of participation and be reported for any Continuing Education credits (including ASHA CEUs)**.
This course is not focused on specific services or products. **Attendance for each full day session will be given credit individually**

RESOLUTION POLICY FOR COMPLAINTS OR CONCERNS RELATED TO THE CONFERENCE

(All concerns and complaints will be addressed via email within 48 hours)

The Continuing Education committee tries to maintain high standards of commitment and quality. Your feedback is very important to us. Please email us your concerns or complaints. We will respond within 48 hours to try to resolve the issues to the best of our abilities and to your satisfaction. Thank you for your patronage and support. We look forward to your participation.

Email concerns or complaints to kkaul@hotmail.com

Copyrights Protection

We at International Guild of Auditory Processing Specialists (IGAPS) recognize and respect intellectual property rights and are committed to fulfilling our moral and legal obligations with respect to our use of copyright-protected works.

IGAPS sets forth these policies:

1. The information presented at IGAPS conferences may not be reproduced without permission including any copyrighted work in print, video or digital form in violation of the law. Works are considered protected even if they are not registered with the U.S. Copyright Office or any registering agency outside the U.S. and even if they do not carry the copyright symbol (©). Copyrighted works include but are not limited to: printed articles from publications, electronic articles in online publications, online videos, movies, TV and radio programs, recorded music performances, images, training materials, manuals, documentation, software programs, databases, websites and blogs. In general, the laws that apply to printed materials also apply to visual and digital formats such as websites, streaming media, music downloads, mobile apps, CDs and DVDs.
2. To obtain permission to reproduce copyrighted works outside of IGAPS and/or to use such works in ways that are not covered by prior agreements, please request permission by contacting us via our website <https://www.igaps.org/contact>
3. In case of potential copyright infringement, please bring the matter to the attention of IGAPS personnel via our website contact page <https://www.igaps.org/contact>

At the completion of this workshop, students will be able to enumerate at least three ways that measurements made with the FFR/cABR are similar to ABR's done with clicks, and three ways that the measurements differ when stimuli are syllables instead of clicks. 2. At the completion of this workshop students will be able to list and calculate at least ten separate measurements made from FFR/cABR recordings. 3. At the completion of this workshop students will be able to list and discuss at least three Neural Signatures that can be identified from FFR/cABR test recordings. 	<p>Laura Polich is the owner of Portland APD, an audiological practice devoted to the evaluation of auditory processing disorders.</p> <p>Honorarium for the current CABR workshop</p>	<p>Laura Polich is a Volunteer Member of IGAPS-for promoting APD</p>

"cABRs provide a window into how behaviorally relevant sounds such as speech and music are processed in the brain... cABRs have considerable utility in the study of populations where auditory function is of interest."- Nina Kraus –

Conference Fees:

Full Conference Early Bird \$350

(Until January 21st, 2022)

Full Conference \$450

(Begins January 22, 2022)

Student Rate Full Conference \$200

Single Day Rate for Conference 1 or Conference 2 \$150

Student Rate for day Conference 1 or Conference 2 \$80

Single day rate for Conference 3 \$250

Student day rate for Conference 3 \$125

Biographical Information of Speakers

Dr. Laura Polich is the owner of a private audiological practice, Portland Auditory Processing Diagnostics or Portland APD, specializing in the evaluation of Auditory Processing Disorders which she opened in 2008. Portland APD draws clients – both children and adults – from the whole state of Oregon as well as the Southwestern portion of Washington State. Dr. Polich received her Master's in Audiology from the University of Washington and a Ph.D. from the University of Texas at Austin. Prior to starting Portland APD she was a clinical audiologist working with all types of hearing types of hearing loss, and she also taught audiology at the college level.
